Your Facilitator Sage Tozeland

Sage Tozeland is a Healer and Teacher, who is dedicated to aiding people in **living their TRUTH**. She has experienced how it is not always easy to remain on her path in this world. These experiences have led to the creation of this workshop series, addressing practical and manageable ideas and suggestions for connecting mind, body and spirit in day to day life.

Sage has been on the healing path for over 10 years. She began her Hypnotherapy and Timeline Therapy™ training in 1993. She was introduced to Reiki in 2004 and knew instantly that it was the perfect companion to her previous training. She discovered that because of the extensive self work she had completed she was able to move quickly through the Reiki attunement process and has since attained Mastership in the Usui Reiki and Karuna® Reiki systems.

Sage believes it is time that everyone in the world begins to step into their own **personal power**. Personal power is **empowerment** and does not take power away from anyone. Each person who is willing to take a hold of their lives and heal adds to the healing of the world.

Sage's commitment is to work together with all who are willing to CHANGE THE WORLD through personal empowerment.
